Description :

Prsentation de l'diteurShadow Team is the third book in the Starbirth series.Lock Harford, a teleporter who can move his body through a dark matter dimension using the power of his mind, knows that the only way to release Britain from the grip of marauding teleporter criminals is to fight like with like. His employers want him to head a team of enhanced-ability operatives whose special powers will be created by controlled proceduresrather than substance abuse of the illegal drug Starbirth. The dubious quality of candidates delays

the process. Among them is Jimmy Mackenzie, the SAS trooper Harford knows well, who is joined by rookies Postie and Dave. The fledgling teams unique and memorable characters develop with likeability despite their flaws. Together, with Harford, they enter an uncertain future in which defending the realm becomes a personal fight for their lives. At the same time, Harford is under personal attack and he has to protect his family as well as his country against dark threats emerging from the madness of Starbirth addiction, hindered by devastating treachery closer to home. Shadow Team GB is the third book in the Starbirth series and each book can be read as a stand-alone. The set of characters in Harford, Jimmy, Dave and Postie combine in a tale of brotherhood and humour. They take the rules, break the rules and they become so four-dimensional that the reader will miss their cohesion when the book is finished. Presentation de l'auteur
