## Description :

Prsentation de l'diteur Ian Baringer may have stumbled upon the greatest discovery of all time. Or the greatest curse . . . As a child, Ian lost his parents in a horrific accident, seeing them give their lives to save his. He never fully recovered, burying pangs of guilt, clinging to religion's promise that someday he'd see his parents again. But now his demons have resurfaced. Despite the help of Angela Weber, the brilliant psychologist who loves him, he's in the grip of an obsession. He no longer trusts in an afterlife, he must know for certain if the soul survives death. And incredibly, he may have found a way. A risky bid to cross death's door and return with Knowledge of the Great Beyond. Knowledge that can be verified by anyone who follows his path. The implications are staggering. Proof of a hereafter. Perhaps of God, Himself. Knowledge to halt wars, to end at last the ancient animosities between Faiths. Or perhaps a Knowledge to

doom us all . . . Some believe death's secrets are forbidden to the living, cursed with grave consequences for Humanity. One shadowy sect is sworn to destroy all trespassers, and Ian and Angela have but one hope to survive. They must defy the gates of heaven and hell to steal a Knowledge hidden from the world since the dawn of creation . . . The Knowledge of Good Evil.
