Description :

Prsentation de l'diteurHave you ever made a mistake that keeps coming back to haunt you?On the run from her ex-boyfriends powerful criminal family, Sara Jones hides in Billings, Montana. But when people around her start dying from poisonous spider bites after she receives a mysterious package containing a hidden

spider, she worries that the family has found her. Can she escape? From its gut-grabbing prologue to its explosive conclusion, Goss's debut story gives new meaning to the phrase a blood-curdling adventure. Life takes an even more bizarre turn when Sara seems to be not only immune to the spider venom, but also surrounded by a sinister group of people using spiders to incapacitate their prey. Even her new boyfriend starts acting suspiciously. Just whom can she trust? Then to make matters worse Sara's twenty-fifth birthday approaches, and her dark heritage begins to emerge. She is forced to make a life-or-death decision. And somehow, she must find a way to deal with the crime family. An imaginative fantasy-thriller that will stimulate your senses. Some things, like spiders trained to kill, may seem far-fetched, and cult members eating the flesh of cadavers may seem abhorrent, but Dracula set that table long ago. Besides, given Goss's endowment of the cult with an air of historical respectability, the story is more imaginatively acceptable for anyone predisposed to the fantasy genre.
