Description :

Prsentation de l'diteurCharlee is making plans for a cozy mid-life: painting, traveling, getting the kids out of the house. She has even purchased tickets to Scotland, where her grandmother was born, and intends to whisk her husband away for a much needed break from the prosecutor's office. But when someone kills him in a hit and run, her "best laid plans" come to a screeching halt. When the aging local sheriff fails to track down the murderer, Charlee shifts into high gear, energized by the crazy idea she can find the killer on her own. Searching for the culprit is good medicine for her aching heart. She soon discovers that the hoity-toity family of the late Senator Mondragon are less than they seem, and she's caught up in the tendrils of crime

creeping through the town of Whitewater like a noxious weed. Before she has uncovered all the answers, her investigation is detoured: she has to take a job teaching art in Snowflake, much further north, where, in a good winter, nobody dies in a blizzard. The upside is that she meets Ian, a handsome Scottish horse breeder. Though she's been single for two years, she's not quite ready for love. However, any man who can play the bagpipes and look that good in a kilt deserves a little attention. Strands of the mystery surrounding the Whitewater prosecutor's death reach Snowflake, where Charlee rents a drafty farmhouse for the winter and manages to survive, with a combination of ingenuity, dumb luck, and duct tape. Summoned back to Whitewater, she has hard choices to make and a real lesson to learn about letting go. Sparkling with humor, this thought-provoking mystery is all about doing hard things, and surviving loss with grace and gusto. Now available: Book 2 in "The Art of Being Charlee" series, "If Spring Endures."Prsentation de l'diteurCharlee is making plans for a cozy mid-life: painting, traveling, getting the kids out of the house. There she developed her artist's eye for raw beauty, but doesn't miss the winters. She and her husband, Van Whitehead, raised 12 children and lived in many places, including California, Idaho, and Alaska. He was killed in the small Idaho town where he was raised, and Celestia began teaching Art and English. Her first job was in a tiny town in northern Montana, where she survived winter nicely, but she opted to move to Salt Lake City, the cross-roads of the west, so she has a chance to see her grown children once in a while. She's now married to Wally Stewart and lives in Draper, Utah.
